

# The Kingdom Project

## **A Catalyst for City & Generational Transformation**

Right now, we are seeing unprecedented unity and a contagious movement of God happening in multiple high crime areas in our city of Baton Rouge, Louisiana! Doors are also opening up in multiple parts of the nation as people are getting the word of what is happening here!

# A Unique Opportunity for Transformation

Good morning my friend,

I'm reaching out personally because I believe we are standing in front of a phenomenal and strategic Kingdom opportunity, and I wanted you to hear about it directly from me.

Just a few days ago, alleged #1 drug dealer AKA the King of Zion City, committed to turning his life around! This is the one thing we have been believing God for! This has created a very unique opportunity for us

This has happened as a result of God, saving a former drug dealer from that area! That we had the privilege of discipling and is currently turning the inner city upside down.

# What God Is Doing in Baton Rouge

Right now, we are experiencing unprecedented unity in Baton Rouge, Louisiana.

In three of the highest-crime areas of our city, Love Thy Neighbor outreaches are happening the 1<sup>st</sup>, 2nd, 3rd & 4th Saturdays of each month! We are loving people until they ask... WHY?

#PureEvangelism

# A CITY COMING TOGETHER

Pastors and Spiritual Leaders Unite for Purpose!

- Currently over 150 pastors unified
- There is historic unity under the Mayor's Faith Initiative
- Churches and leaders are strategizing together on how to take Baton Rouge for Jesus

Scripture tells us that unity is where God commands His blessing, and we are seeing that blessing released in real time.

# WHERE TRANSFORMATION BEGINS...

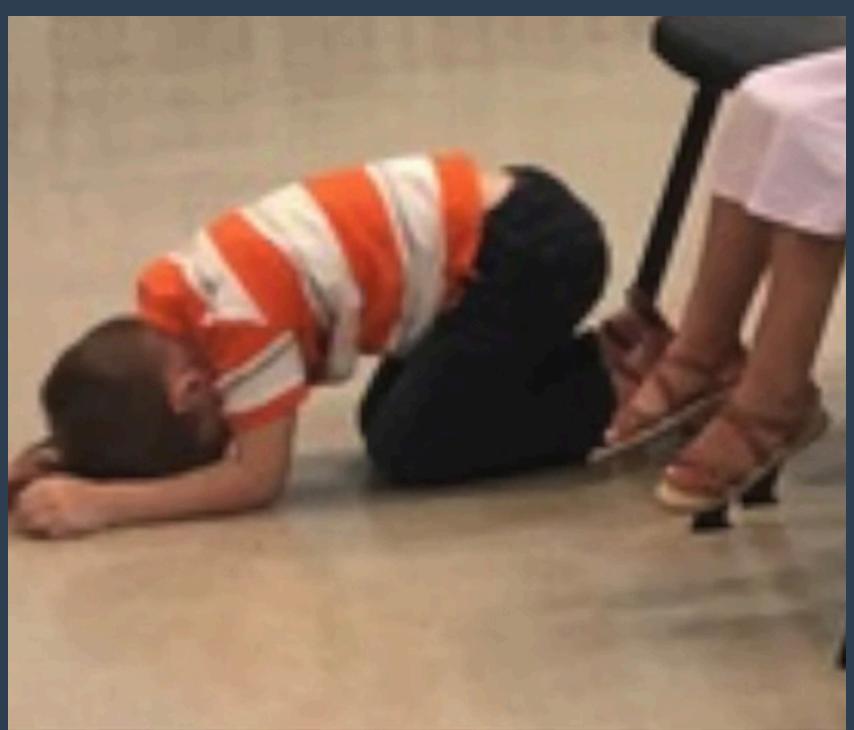

Change begins with the **heart!**

This is the testimony of what God has done through Spirit-led schools, the fruit we're seeing today as my wife trains children to hear God and follow His leading, and the exciting future ahead as we prepare to launch

**Zion City Christian Academy.**

Below is literally a picture of a former drug dealer's son praying for his peer and the son of a former drug addict on his face worshiping God in school!!

**Can you imagine the transformative potential of this type of school in the inner-city?**

# A RARE OPPORTUNITY

## *The Mission Bus with a Story!*

This bus would be a significant catalyst to accelerate what God is already doing.

Brother David Cooper who I partnered with for the launch of the 2024 USA Transformations Tour, has offered to sell us an awe-striking mission bus for \$20,000.

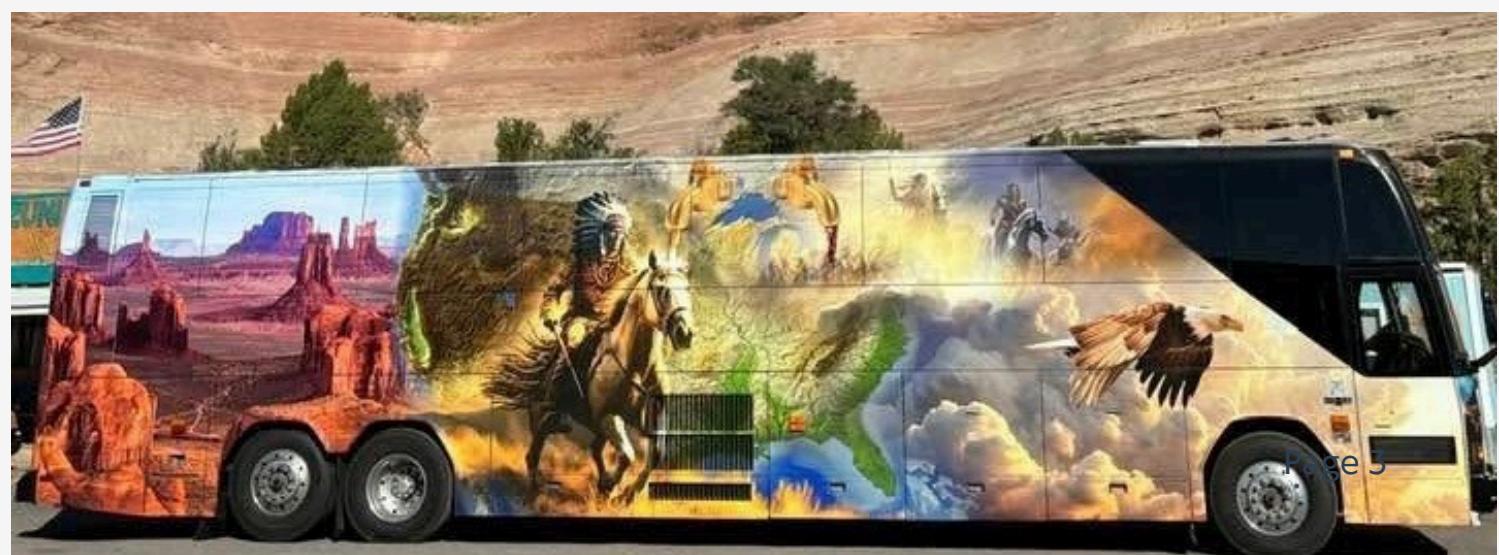

Here is what makes this opportunity extraordinary:

- The bus originally cost \$15,000
- The wrap alone cost \$14,000
- The entire interior has been completely redone
- It has \$10,000 worth of brand-new tires
- There is well over \$50,000 invested in this bus, not including the time, labor, and effort it took to complete.

The only reason David is selling it is because the Lord is now sending him deep into Native American reservations, where he will need a four-wheel-drive truck and specialized gear. This bus simply cannot go where God is sending him next.

He did not want to sell it to anyone else—because this bus is literally wrapped with the vision God gave us in 2019.

Page 3

Page 6

# Why Does the Bus Matter? Because Children Matter....

When I asked the Lord if He wanted us to have this bus, the Lord spoke clearly to me and said:

**“You’ve got to have a better ride than Clyde.”**

Just a few days ago, January 13, Clyde Jones—also known on the streets as “The King of Zion City,” once the number one drug dealer in Zion City—made a decision to turn his life around. He also is willing to go into juvenile hall and speak to young people about not going down the same road he did.

The Warden told him something that stopped us in our tracks: “All the juveniles in here want to be like you. You need to come talk to them.” This is what real transformation looks like!

This bus becomes a visible testimony to young people everywhere: If you serve Jesus, you will be better off—even in the natural—than the number one dealer. Not only that, but with Clyde riding in Jesus’ bus, that picture is most certainly worth more than 1000 words!

Can you imagine? Former drug dealers and gang bangers going to juvenile detention centers with the message of redemption, transformation, and unity that brings God’s blessing? This bus will not only be wrapped with that message of unity but will carry inside of it the manifestation of that unity!

# A Nationwide Mandate...

More than a bus... Its a Catalyst!

## The Vision - Not just for transportation

It gives us the ability to:

- Cast vision everywhere we go
- Represents what God is doing in our community and across the nation
- Demonstrates unity across race, culture, and the Body of Christ
- Gives people confidence to engage

## STAY AWAKE AMERICA!

I believe this bus will significantly increase the impact we have at the Stay Awake America conferences happening across the nation each month, as well as open doors for regional and national city-transformation opportunities.

# Building for the Next Generation: Zion City Christian Academy

A school that is focused on:

- Biblical worldview
- Spirit-led discipleship
- Raising children who know God, hear His voice, and do what He says!

We have put Renewanation on retainer and are currently building our Christian school launch team for Zion City Christian Academy!

Below is the building we have acquired! Once it is finished, it will allow us to change the lives of up to 30 children from one of the highest crime areas in Baton Rouge!

To complete this project, we need \$25,000.

This is an investment in generational transformation, not just a building.

This is an unprecedented opportunity to Partner in transformation that will save lives of those who are at risk for violent crimes and drug addiction!

# A Heritage of Hope

## Establishing a Haven of Hope for At-Risk Youth

Land is called Fontaine  
(Brett Nicholas)

Land backs up to the  
Waddil Wildlife Refuge!

We have a **rare and time-sensitive opportunity** to purchase a 10-acre property that would serve as the future home of our inner-city youth camp. Located along the Comite River and backing up to a wildlife refuge, this land provides a peaceful, secure setting where young people can step away from the pressures of their neighborhoods and experience mentorship, growth, and restoration.

The property is being offered at an **extraordinary price of \$33,000 (\$3,300 per acre)**. With this acquisition, we would be able to establish a permanent space dedicated to reaching and mentoring youth who are most at risk of becoming involved in violent crime and drug addiction.

**This is more than a land purchase—it is a generational opportunity to create a place of hope, leadership development, and life transformation.**

# Thank You

## Your Partnership is Vital:

I'm asking you to prayerfully consider partnering with us in this moment.

By sowing into this opportunity:

- You are investing in city transformation.
- You are helping equip two missions—ours and David Cooper's work in the native reservations.
- You are advancing unity, discipleship, and Gospel impact.
- You are helping carry hope into places that desperately need it.
- But most importantly you are helping to change and save the lives of the most vulnerable of our population.

## Current Projects include:

Mission Bus -\$20,000

Zion City Christian Academy - \$25,000

Youth Wilderness Camp Property - \$33,000

Thank you for your consideration and partnership in this Kingdom opportunity. We want to give a special thank you for those who have partnered with us in the past, and especially our monthly partners who are the lifeblood of our day to day operations.

If you're interested in partnering with us in this exciting transformational opportunity feel free to reach out to me directly:

📞 225-937-1234

With gratitude and expectation,

Devin O'Neal
